

Element

```
graph BT; Project[Project] --> Folder[Folder]; Folder --> Element[Element]
```

The diagram illustrates a hierarchical structure. At the bottom is a solid rectangular box labeled 'Project'. An upward-pointing arrow connects the top of the 'Project' box to the bottom of a dashed rectangular box labeled 'Folder'. Another upward-pointing arrow connects the top of the 'Folder' box to the bottom of a second dashed rectangular box labeled 'Element'.
